

How to share your JustGiving® page.

Sharing your JustGiving fundraising page just got a whole lot easier! Congratulations, you've just completed setting up your fundraising page for The Kirkwood Pub Hop and now it's time to share your page with your friends and family.

By clicking the 'Donate to my fundraiser' button you will be offered a number of ways to share your fundraising page.

By selecting the Facebook icon, you will be taken to your personal Facebook page with the link pre-attached. Simply write your caption and publish.

Selecting the WhatsApp icon will open the app on your phone and insert your link into your message ready to send to your mobile contacts.

When you select the email icon this will open a new email in your inbox with the link attached to send your contacts list.

Clicking the 'Copy Link' option will save the link to your clipboard for you to copy and paste into whichever messaging platform you'd like to share it in.

Alternatively, you can download your own unique QR code to add to flyers or cards.

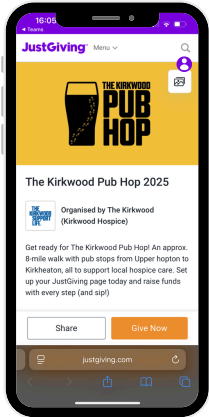

Above are just a handful of options available to you when sharing your fundraising page with potential supporters. For all sharing options, please visit your JustGiving page.

HOW TO SET UP YOUR JUSTGIVING PAGE.

1

Log in to your JustGiving account.

If you have never set up a JustGiving page before, you'll need to create an account. You can do this by tapping the 'Register' button on the home page and following the instructions on the screen.

Once set up and logged in, use the search bar and type in The Kirkwood Pub Hop 2025.

2

On the home page screen, scroll down the page past the 'Give Now' button to 'Be a fundraiser' and click the orange button...

Start fundraising

3

Once you have tapped the 'Start Fundraising' button, you will be prompted to set your fundraising target. This is automatically set at £100 but you can edit the value to whatever sum you wish to raise.

4

Personalise your story!
We have provided a pre-written story for your fundraising page and you have the option to leave this page exactly how it is. However, we recommend you personalise your story. Sharing your own story will show potential donors exactly why you are fundraising for The Kirkwood, and why our charity is important to you, helping you to boost your donations.

5

Personalise your photos!
Adding personal photos to your fundraising page is a great way to visually share your story and capture the donor's attention.

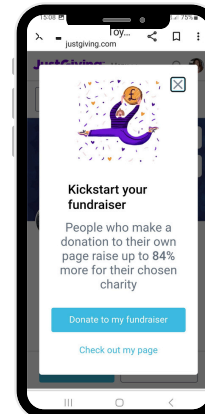

Tip: Before adding photos to your fundraising page, check you have permission to use them from other people in your photos.

Special memories & moments

6

You're almost done!
Once you have reviewed your page and are happy, hit the 'Launch My Page' button and your fundraising page will be LIVE.

CONGRATULATIONS!

YOUR FUNDRAISING PAGE NOW LIVE AND READY TO BE SHARED
