LIFE.**

# When you support The Kirkwood, you're supporting life itself, helping to improve it – against all the odds.

The Kirkwood are here for local people across Kirklees, helping to improve their quality of life in the ways that matter most to them. When time is short, we support those in our care to make the most of every single day. And we help families and loved ones to live on – and live well.

**We believe everyone affected by a life limiting illness deserves the very best care. But we need your help to make it happen.**

By choosing to Support Life, you will make a huge impact on local people in our care, supporting patients and their loved ones to access the very best compassionate care – whenever and where they need it.

Together, we will be there for more patients, more carers and more families than ever before.
