CARE TEAM  
help me?

# How will Kirkwood Hospice's Family Care Team help me?

When someone is very poorly, or has died, we can feel all sorts of feelings inside.

Here at Kirkwood Hospice, our job is to talk to you about your family, friends and school.

We're also happy to talk to you about the things that you like, or any worries you may have.

Whatever you tell us will be just between us and you.

We won't tell anyone else unless we are worried about you.

Then we might need to talk to your family, a doctor, a nurse, a teacher or other people who look after children.

We also need to keep some information about your age and how long we have been helping you for so that we can help more children like you in the future!
